- Minimum invested capital of £100,000
- Simple, low-maintenance solutions only
- Full suitability assessment and implementation

6. Split Portfolio Service (Retirement)

- Only available with ongoing service due to complexity
- Three-tier approach: Short-term (3-5 years of withdrawals), Medium-term (core risk profile), Long-term (higher equity exposure)
- Regular rebalancing and monitoring required
- Typically for clients at or approaching retirement

7. Split Portfolio Tax Planning Growth Service

- Minimum invested capital of £100,000
- Strategic allocation across tax wrappers (GIA, ISA, pension)
- Tax-efficient placement of different asset classes
- Annual rebalancing and tax wrapper optimization

Pensions + Investments + Advanced Tax Planning & Trusts + Life Cover + Critical Illness + Income Protection

8. Pension Switch Service

- Available to all client types
- Minimum combined pension value of £50,000
- Each individual pension must exceed £10,000
- Thorough analysis and implementation of recommendations

9. Personal and Business Insurance Service

- Available to all ages, including non-investors
- Life cover, critical illness, income protection, PMI
- Business protection (Key Person, Shareholder Protection)
- Trust recommendations where appropriate

Which Target Market Document Should a Client Read?

- 1. Start with investment amount to determine core service level (Start Investing, Essential, Enhanced, or Elite)
- 2. Add specialist services based on specific needs:
 - Approaching retirement? → Split Portfolio Service
 - Need protection? → Personal/Business Insurance
 - Have existing pensions? → Pension Switch Service
 - Have tax planning needs? → Split Portfolio Tax Planning Growth
 - Want one-off advice? → Transaction Only Service

3. Consider client circumstances:

- Business owners should review both their core service and Business Insurance
- Non-UK residents should focus on Enhanced or Elite services with international considerations
- Families should consider Start Investing for children alongside their own core service
